ARMY CIRCULARS—*continued.*

Cl. 14.—*Royal Warrant Regulating the Employment of Engineer Officers in Civil Situations under the Crown.

VICTORIA R. (Issued as a Special Army Circular on 19th January, 1872.)

WHEREAS we deem it expedient to revise the rules which govern the employment of officers of our corps of Royal Engineers in civil situations under the crown;

It is our will and pleasure that the provisions of Article 82 of our Royal Warrant of 27th December, 1870, so far as they relate to officers of our Royal Engineers, be cancelled, and that the following shall be the conditions under which those officers shall in future be employed in civil situations under the crown, except in our Indian Empire.

1. An officer of our Royal Engineers who may, with the approval of our Secretary of State, be temporarily lent for employment under a civil department of the state, shall be continued on the establishment of his corps. If, however, his recall from civil duties be certified to be attended with inconvenience to the Civil Service, he shall be temporarily placed on a reserve list; and his place in the corps of Royal Engineers shall, with the concurrence of the Lords Commissioners of our Treasury, be filled up, if that course shall be recommended to us by the officer commanding in chief and approved by our Secretary of State for War.

2. An officer temporarily lent for civil duties shall continue to receive his regimental pay from Army funds, and in calculating his remuneration for the performance of civil duties, the amount of his regimental pay shall be taken into account, and shall go in reduction of the civil salary assigned to the situation held by the officer. If he be placed on the reserve list, his emoluments shall be exclusively derived from the department which employs him.

3. No extra pay or allowances shall be issued to officers who are withdrawn from their military duties for employment under a civil department, except when employed under Article 12 of this our Warrant.

4. Officers in receipt of regimental pay shall be liable to be recalled to military duty whenever required by our Secretary of State for War.

5. Officers lent for civil employment may at any time, at the request of the department under which they are employed, and with the permission of our Secretary of State for War, elect to continue permanently in that employment; in which case they shall be placed permanently on the reserve list.

6. Officers placed temporarily on the reserve list shall have a right to return to the establishment of their corps on a vacancy occurring in their grade, provided they elect to do so before they shall have completed 10 years of continuous civil employment.

7. Officers, who do not elect to return to the establishment shall, on completion of 10 years of continuous civil employment, be placed permanently on the reserve list.

8. Officers placed permanently on the reserve list shall cease to have any claim to pay or emoluments under the War Department, and their entire salaries shall be provided by the department under which they are serving. The vacancies in the corps of Royal Engineers caused by officers being placed permanently on the reserve list shall be filled up if that course be recommended to us by the officer commanding in chief, and approved by our Secretary of State for War.

9. Officers on the reserve list shall in cases of emergency be liable to be recalled to military service by our Secretary of State for War, with the concurrence of the head of the civil department under which they may be employed.

10. Officers placed on the reserve list, so long as they continue in the civil service of the state, and keep themselves efficient for duty as Military Engineers, shall be promoted to higher military rank in their corps as vacancies occur for the officers on the establishment next in seniority below them.

11. The promotion of officers on the reserve list to higher military rank shall not give them any claim to augmentation of their civil salaries, nor to any military pay or allowances, except when recalled for military service.

12. Officers of our Royal Engineers in the civil service of the state shall not be entitled by virtue of their military rank to assume any military command whatever, unless called out for military service by our Secretary of State for War, with the concurrence (when the preceding regulations require it) of the head of the civil department under which they may be employed. They shall be liable, however, in any case of necessity, to serve on courts-martial, or to perform such temporary military duties as

* Although India is expressly excluded from the operation of this Warrant, the general principles therein laid down are applicable to officers of Royal Engineers temporarily serving under the government of India, and regulations, based on those principles, will be published hereafter.

ARMY CIRCULARS—*continued.*

our Secretary of State for War, with the concurrence of the head of the civil department under which they are serving, may direct. Officers on the reserve list who may be recalled for military duties other than on courts-martial shall, while so employed, receive from Army funds such pay as shall, in addition to any civil salary of which they may be in receipt, make up the regimental and extra pay and servants allowance of their ranks; they will likewise receive the other allowances to which Engineer officers of their rank would be entitled. Officers employed on court-martial duty will be entitled to be reimbursed their travelling expenses, in accordance with the regulations of the service.

13. Officers of our Royal Engineers who, with the permission of our Secretary of State for War, accept permanent employment under a civil department of the State may, on retirement from the civil service, receive from Army funds such proportion of the pension awarded to them by the Lords Commissioners of our Treasury as shall not exceed the half-pay or full-pay retirement to which they would have been entitled if they retired from the Army when they were placed permanently on the reserve list.

Given at our court at Osborne, this 15th day of January, 1872, in the [illegible] year of our reign.

By Her Majesty's command.
EDWARD CARDWELL

Cl. 15.—Officiating Clergymen.

1. The attention of commanding officers is specially directed to Article 272 of the Royal Warrant of 27th December, 1870, and to the instruction contained in paragraph 725 of the Queen's Regulations. The Secretary of State desires that the rule that clergymen are not to be engaged, either at home or abroad, to officiate to troops without his sanction, may be strictly observed in future.

2. In cases where, from lack of time, it is necessary to make temporary arrangements for the performance of divine service, the name of the clergyman provisionally appointed, should be at once submitted to the Secretary of State.

Cl. 16.—Command and Extra-Duty Pay.—(Mixed Detachments at Board Ship.

Paragraph 6 of Clause 74, Army Circulars, 1867, is hereby cancelled.

Cl. 17.—Gratuities to Soldiers on Discharge.

(Issued as a Special Army Circular on 15th January, 1872.)

The Secretary of State has decided that for the current year—from 1st January to 31st December, 1872—the gratuities to well-conducted soldiers on discharge from the Army shall be issued at the same rates and under the same regulations as were in force during the past year, under Clause 197, Army Circulars, 1870.

Cl. 18.—Security of Accountants.

The Secretary of State has decided to accept the bonds of the following societies as security for Army accountants, viz.:—

The Guarantee Society, 19, Birchin Lane, Cornhill, London, E.C.

The Provident Clerks' and General Guarantee Association (Limited), 15, Moorgate Street, London, E.C.

The London Guarantee and Accident Company (Limited), 8, St. Martin's Place, Trafalgar Square, London. W.C.

CONTROL SERVICES.

Cl. 19.—Maintenance of the Equipment of the Armament of Defences.

1. In order that there may be no divided responsibility between the Royal Artillery and the Control Department as to the maintenance of the proper proportions of ammunition and stores for the armament of the defences, the following rules will be observed and attended to by all concerned.

2. The officer in command of the Royal Artillery of the fortress or district will draw up details showing the full proportion of the guns, carriages, side-arms, ammunition and all stores to be maintained for each and every fort. These calculations will be based on the regulations laid down in the Equipment Regulations, 1870, and Clauses 120 and 121, Army Circulars, 1871, except under special conditions, which must be explained.

3. He will also show the quantities he will be responsible for, and the quantities to be held in reserve by the Control Department; the totals of the two agreeing with those shown in the details referred to in paragraph 2.

ARMY CIRCULARS—*continued.*

4. The details will be in triplicate, and will receive the approval of the general officer commanding. One copy will remain with the officer commanding Royal Artillery, another with the controller; the third will be forwarded by the general officer commanding to the Secretary of State for War.

5. The commanding officer of the Royal Artillery, and the controller, will be held responsible that the proportions to be kept up by each are duly maintained, and that all expenditure and exchanges are duly provided for in their respective estimates.

Cl. 20.—Proportion of Practice and Exercise Ammunition for 64-pr. M. L. R. Converted Guns.

The proportion of ammunition for practice and exercise of 64-pr. M. L. R. converted guns will be the same as that laid down in the regulations issued with Clause 206, Army Circulars, 1870, for B. L. Guns of that calibre.

Cl. 21.—Ball Practice Ammunition—Royal Engineers and Infantry.

(Issued as a Special Army Circular on 3rd January, 1872.)

The proportion of ball practice ammunition for the "recruits" and "trained soldiers" of the Royal Engineers and Infantry has been increased from 90 rounds per man, as laid down in the regulations for the issue of ammunition (Clause 206, Army Circulars, 1870), to 100 rounds per man. Ten rounds of the ammunition may be expended in shooting matches between companies or battalions, the conditions of which will be regulated by commanding officers, who will consult the Deputy Assistant Adjutant General for musketry of the district.

Cl. 22.—Contracts for Military Prisons at Home.

1. All contracts for supplies or services for the military prisons at home will in future be entered into by the Control Department, instead of by the visitors as laid down in Articles 17 and 18, Military Prison Regulations.

2. Requisitions for contracts to be entered into will be made by the visitors on the officer in charge of the Control Department in the district, who will then take the necessary steps in accordance with the rules prescribed in the Control Regulations.

Cl. 23.—Stoppages for Bedding and Mess Utensils.

The following prices will, in future, be charged to troops for articles of bedding and mess utensils lost by neglect or wilfully damaged on board her Majesty's troop ships. Clause 86, Army Circulars, 1867, is cancelled.

ARMY CIRCULARS—*continued.*

Cl. 24.—Payments for Gas.

In future all sums due from regiments for gas burnt in officers' messes, after 11 P.M., or in billiard rooms, canteens, tailors' shops or skittle alleys, will be recovered by the control paymaster, and credited in the control cash accounts, whenever payment is not made direct to the gas company by the occupants.

Cl. 25.—Necessaries.

Officers commanding corps under orders for India are informed that necessaries imported by them without the intervention of the government of India are liable to duty.

Cl. 26.—Conveyance, &c. of Soldiers' Wives and Families.

Upon the discharge or death of a soldier not on the married establishment, or upon his transfer to the Army Reserve, his family will be entitled to conveyance at the public expense to their home or recognized place of residence, and to the other allowances granted by Part II. of the Married Soldiers' Regulations (Clause 53, Army Circular 1871).

Cl. 27.—Leave of Absence to Officers of the Control Department Home Stations.

1. At home stations leave of absence, within the regulated period of 61 days, may be granted by general officers commanding districts to officers of the Control Department (except to district controllers) without referring to the surveyor-general of the ordnance.

2. District controllers, before submitting an application for leave for December, will satisfy themselves that proper arrangements are made for the performance of the officer's duty.

Cl. 28.—Reports on the Control Department.

The annual reports required from controllers by Articles 365 and 366 of the Regulations for the Control Department (Revised Army Regulations, Vol. IV.) will be transmitted on the 31st March in each year.

MEDICAL DEPARTMENT.

Cl. 29.—Meteorological Observations.

1. The senior medical officer at any station where there are meteorological instruments will either make the requisite observations himself, or see that they are carried out by some competent person whom he may select for that purpose, and in accordance with the following instructions.

2. As it is of great importance to preserve unimpaired the continuity of meteorological observations, all changes in the adjustment of instruments, in their position, in the reading, or registering, will as far as possible be carefully avoided.

3. The observations will as far as possible be made by one person; where this is not practicable, the deputy to whom they are confided will previously assure himself that his method of reading is identical with that of the principal observer, and both should satisfy themselves, by mutually testing the accuracy of their reading.

4. Registers (W. O. Form 848) should be as perfect as possible, but if from any cause observations be lost, no attempt should be made to fill the blank so caused.

5. The observations will be made at stated and regular times.

6. Before taking the means of the numbers in each month, the observer will look down each column in the register, to see that no evident error of entry has been made (an inch for instance in the reading of the barometer is a common error). He will examine the thermometric readings, to see that the maximum and minimum readings have not been interchanged; and, before dividing the sums of the numbers, he will count the column, the days on which observations have been entered, so as to exclude error in the division. Decimal arithmetic will be used throughout.

7. With the exception of the "attached thermometer" all thermometers must be read to the tenths of a degree.

8. The readings of the self-registering maximum thermometers at 9 A.M. must be entered in the register (col. 19 and 23) as the temperature of the preceding day. For instance, the readings of the self-registering maximum thermometers at 9 A.M. of the 1st of the month, must be registered as the temperature of the last day of the preceding

ARMY CIRCULARS—*continued.*

month; the readings on the morning of the 2nd as that of the 1st, and so on. This rule is not applicable to any of the other thermometers.

9. The registers containing the readings of the past month should be forwarded to the Director general of the Army Medical Department during the first week of every month.

Cl. 30.—Admission and Discharge Books.

1. Instead of admission and discharge books being forwarded to the Army Medical Department at the end of each year, these books will in future be used *continuously* until they are filled up, and will be retained at the head quarters of the corps to which they refer until five years have elapsed from the date of admission of the last case which is entered; they will then be forwarded to the principal medical officer of the station for disposal, in accordance with the instructions in Clause 62, Army Circulars, 1870.

2. After the last case admitted in each year, a blank page will be left in the book, marked "end of the year 18—." The first case in each year must commence with No. 1. In the new issue of these books, the column for the number of cases will be blank, and the numbers will have to be inserted in ink.

3. The books for 1871 will be retained in accordance with these instructions.

INCOME DUTY REGULATIONS.

Cl. 31.

Regulations for the collection of income duty on payments from Army funds are issued herewith to accountants and others immediately concerned.

W. O. FORMS.

Cl. 32.

W. O. Forms 1605, 1606, 1623, are obsolete, having been cancelled by W. O. Form 1252 (Requisition for Arms. All Reserve Services).

(b.) A certificate from his commanding officer, that the candidate is in every respect a thoroughly good regimental officer.

(c.) A report in answer to the following questions regarding the character, habits, and disposition of the candidate, and his general qualifications for employment on the staff. These questions are to be confidentially answered by a board consisting of the commanding officer and the two next senior officers of the candidate's regiment.†

QUESTIONS.

Is his conduct marked by steadiness and prudence, and is he temperate in his habits?

Is he extravagant in his mode of living?

Does he display zeal, activity, and intelligence as well as discretion, in the performance of his duties, and does he appear to take an interest in his profession?

GEN. ORDERS—*continued.*

Is his disposition such as would enable him to perform those duties with tact and discrimination in a manner calculated to insure their being cheerfully carried out by those to whom orders would be conveyed by him? or, are his manners and temper objectionable, and likely to cause him to disagree with those with whom he might be associated, or be brought in contact?

Is he active and energetic in his habits?

Is he a good (fair or indifferent) rider, and is he short-sighted?

(*d.*) A certificate that the candidate, if not a captain, has passed the examination for a troop or company.

(*e.*) A medical certificate of good health and fitness for the active duties of the staff.

(*f.*) Every candidate before being admitted to the entrance examination, will be attached for a month to the staff of a general officer commanding a brigade or division, who at the expiration of this period will report confidentially upon the candidate's general fitness for staff employment, and especially upon his aptitude for business and for conducting official correspondence.*

Every application to study at the Staff College must be made whilst the officer making it is present and serving with his regiment, through the commanding officer. No application from an officer on leave will be entertained.

HOME STATIONS.

II. Officers serving in the United Kingdom who are desirous of entering the Staff College, must inform their commanding officers before the 1st May next by whom the certificates from (*a*) to (*e*) will be prepared and forwarded through the usual channel to the Adjutant General of the Army. General officers in forwarding these applications will record their opinions as to the fitness or otherwise of the applicants for staff work, should they be able to do so from their personal knowledge of them.

If these certificates are satisfactory, orders will be issued for carrying out the test prescribed in paragraph (*f*).

General officers will report not later than 30th June upon the candidates then attached to their staff; after which date, the officers approved of by His Royal Highness will receive from the Director General of Military Education the rules to be observed at their examination.

The examination will take place in London on the 23rd July next, and following days.

FOREIGN STATIONS.

III. General officers commanding abroad will issue their own local orders, specifying the date up to which applications will be received by them from officers wishing to be examined. Care should be taken that sufficient time is allowed for the qualification described in paragraph (*f*) to be attained, so that all the necessary papers and certificates may be received at the Horse Guards on or before the 15th May.

General officers in forwarding these applications will record their opinions as to the fitness or otherwise of the applicants for staff work, should they be able to do so from their personal knowledge of them.

The examination papers will be sent out for those officers only whose applications shall have been thus received.

IV. The examination will commence on the 23rd July, or as soon after that date as the examination papers shall be received from the Director General of Military Education; but no examination can be allowed to commence after the 15th August.

A board of officers will be appointed at the most convenient station of the district, by the general officer in command, and will consist of three officers; one of them to be, when practicable, a staff officer, having the rank of field officer, and the other two, if possible, not under the rank of captain. One of these officers will belong to one of the scientific corps, where any such officer can be obtained.

The questions are to be answered in the presence of the board.

The board will give to each candidate a number, which he will affix to each of his examination papers, instead of his name. He will retain the same number throughout the examination.

The board will give to each candidate a paper of the printed examination questions on each subject, at the time specified for the examination in that subject.

The candidates will write their answers to the questions in the presence of the board, and their papers, together with the printed examination questions, will be collected at the hour appointed, and made up into a packet, which will be sealed before being taken from the examination room.

The board will, immediately on the conclusion of the examination, forward the papers of the candidates to the general officer commanding, for transmission to the Director General of Military Education, accompanied by a certificate that the candidates obtained no assistance from books, or help of any kind, in their examination. The board will, at the same time, forward the names of the candidates, corresponding with their index numbers in the examination, in a separate envelope, for transmission to the Director General of Military Education.

No communication whatever will be allowed between the candidates at the examination.

VIII. General officers commanding at foreign stations will place no restrictions upon officers competing further than the exigencies of the service may absolutely require. It will be understood that the rule by which only one officer can be spared *from a battalion* at a time, for the purpose of studying at the Staff College, does not apply to candidates from battalions which have officers now at the College, but whose course of study will terminate in December next.

IX. General officers commanding at foreign stations will select the hours for the examination which are best suited to the climate and circumstances of the country, taking care, however, to conform strictly to the number and distribution of the hours, as detailed in the foregoing regulations.

X. On the completion of the examinations, general officers commanding will transmit the candidates' papers to the Director General of Military Education, War Office, Pall Mall, with the least possible delay, in order to enable officers from distant stations, who may be successful in the competition, to join the College early in the following February. They will at the same time forward to the Adjutant-General a return of the officers examined.

XII. The names and examination-numbers of the candidates who are successful in the competition, as well as of those who prove themselves qualified, but for whom there are no vacancies, and the examination numbers alone of candidates who fail, will be published immediately after the reports of the examiners have been received by the Director General of Military Education, with the total number of marks gained by each candidate, and his place on the list.

At the expiration of the time during which an officer has been attached to a corps, the commanding officer will report to the general officer commanding the brigade,—who will countersign the report,—stating whether he has acquired the necessary information on the foregoing points.

G.O. 3.—Annual Inspections and Confidential Reports.

I. Some misapprehension having arisen as regards the object and intention of that portion of Paragraph 187, Appendix B, to G. O. 89, relating to the sub-reports to be made by captains, the paragraph in question is to be so far modified as to require a special report on subaltern officers from captains, or on captains from majors of wings, or in the case of companies or larger bodies being detached from head quarters for any period exceeding six months.

II. In all other cases the reports of majors of wings and captains of companies will be only required when called for by superior authority, or when the reports on officers demand further elucidation.

III. It is of importance, however, that majors should at all times make themselves thoroughly acquainted with the professional abilities of the whole of the officers of their wings, so as to assist commanding officers in the appreciation of the military requirements of those under their command. In like manner captains of companies should make themselves thoroughly acquainted with the ability and acquirements of the subalterns of their companies, who ought at all times to look to their captains for information and advice.

G.O. 4.—Queen's Regulations, alterations in.

The following addition is to be made to para. 140, Appendix A. to G. O. 89 of 1870, viz.:—

"When officers are on leave of absence, or away from their regiments, the declaration may be made before any general or other officer not under the rank of a field officer in command of a district, garrison, or body of troops, or on the general staff of the army."

G.O. 5.—Officers' Dress.

I. Her Majesty has been pleased to approve of pantaloons and high boots being substituted for the present booted overalls and Wellington boots worn by staff officers and mounted corps.

II. The high boot is to be worn for those duties on which the booted overalls have hitherto been used, and on all other occasions trowsers will be the regulation dress.

III. Officers will not be required to make this change until the overalls now in their possession are worn out.

IV. When the new boot is on, the upper edge should be one inch below the knee cap and sloped off to the rear, so as not to interfere with the bend of the knee.

V. A pattern boot has been sent to each regiment, and a sample pair for officers may be inspected at the Horse Guards, War Office, where also new pattern spurs may be seen.

G.O. 6.—Field Exercise.

Revised "rules to be observed by troops on passing over pontoon and other temporary bridges," will be circulated to the army, and are to be substituted for those on page 1 of the "Field Exercises, 1870."

GEN. ORDERS—*continued.*

G.O. 7.—Queen's Regulations, alterations in.

The following is to be substituted for para. 1494, instead of that printed in the Appendix D. to G. O. 93 of 1871:—

1494. Deserters are not to be struck off the strength until the fact of their desertion shall have been sworn to before a regimental court of enquiry at the expiration of twenty-one days, as prescribed by the Articles of War; until such time they are to be returned as "absent without leave," although they may have been reported as deserters. Soldiers claimed as deserters from other corps are to be classed in the column "transfers given," and the regiment receiving such men is to account for them in the column, "joined from desertion."

G.O. 8.—Discharges.

Referring to G. O. 34 of 1868, it is to be understood, that in cases where "having been convicted of felony" is the cause of discharge, the bottom part of the parchment certificate is invariably to be cut off.

G.O. 9.—Recruiting—Enlistment of Militiamen.

I. Much inconvenience and unnecessary correspondence having arisen, in consequence of militia adjutants not being regularly furnished with the dates of enlistment of militiamen into the regular army, or with the numbers of the brigades of artillery, and of the regiments and battalions of cavalry and infantry, which such men may have joined; the attention of commanding officers is called to G.O. 58 of 1869, which expressly directs, that "the dates of enlistment and of final approval of militiamen enlisted and passed for the army are to be notified, without delay, by the commanding officers of regiments, corps, or depots, to the adjutant of the militia regiment to which they belonged."

II. Any deviation from this order will, in future, be visited with the Commander-in-Chief's displeasure.

G.O. 10.—Singeing Horses.

The following addition is to be made to paragraph 574 of the "Queen's Regulations and Orders for the Army," viz.:—

Horses are not to be singed to an extent to render blankets necessary as a protection from the weather. Under no circumstances is clipping to be permitted.

By command,

G.O. 14.—Garrison Instruction.

(Specially issued 16th January, 1872.)

I. With reference to G. O. 65 of 1870, there will, in future, be two courses of garrison nstruction annually, at each station where there is a garrison instructor; the first course ill commence on the 1st February, and conclude on the 31st May; the second on the st August and conclude on 30th November: the examinations to be held as soon as onvenient after each course.

II. It is considered that a period of four months will, if officers have properly prepared emselves in the subjects by private study, be ample for preparation for the "special xamination" as laid down in the above G. O.

III. At Malta, Halifax, and Gibraltar, there will also be two courses of garrison inruction annually of four months each; the months in which they are to be held being cided by the general officer commanding at each station, according to the exigencies the climate.

IV. Officers attending a course are to be struck off all duties, except regimental duties Saturdays and Sundays, should it come to their turn for duty on either of those days; other days they are to be completely under the orders of the garrison instructor. ey will attend at such hours as the garrison instructor, under the orders of the general icer commanding, may appoint for each day. No leave of absence is to be granted to em during the course, except under very special circumstances.

V. In detailing officers to attend a course, commanding officers will be careful select those on whom the special examination is obligatory, in preference to others; t if circumstances will permit, the older officers may also be allowed, and should be couraged, to attend, with a view to their passing the special examination.

VI. Should any officer while undergoing the course show a want of punctuality in s attendance, or a want of application, the garrison instructor will report the same to e general commanding, with a view to his being sent back to his duty.

VII. An officer failing to pass the examination after going through a complete course, ill not be permitted to leave his regiment a second time to study.

VIII. When an officer has joined a class, and his regiment is ordered away from the ation, he will remain behind to finish the course and go up for examination.

IX. Officers who may be remanded to their regiments on account of inattention or egular attendance will be liable, at the discretion of their commanding officers, to ake good all arrears of regimental duties.

X. All officers attending classes during the leave season are to receive their ordinary inter leave when they have completed the course.

G.O. 15.—Musketry.

With reference to the Circular Memorandum of the 18th March, 1861 (General o. 119), it is again notified to general and other officers commanding at home and road that the attendance of medical officers at target practice under ordinary circumnces is unnecessary, and their presence at rifle ranges is, for the future, to be disnsed with except at the following stations, viz.:—

t home { Aldershot, Shorncliffe, Dover, Portsmouth, Plymouth, Milton for Gravesend, Dublin and the Curragh.

broad.—Gibraltar and Malta.

Where the hospital or quarters of the medical officers so attending at these stations e within a mile from the ranges, the medical officer on duty, after reporting himself the officer in charge of the firing party, may return to the hospital or quarters, but will remain there whilst practice is going on and be in readiness for any emermcy.

Should exceptional circumstances arise at any station which would appear to render pedient the presence of a medical officer on a rifle range other than those specified ove, the general or other officer commanding may, after consulting with the principal edical officer, direct the attendance of a medical officer when necessary.

The principal medical officer is to report all cases of this nature for the information f the Director General of the Army Medical Department, in order that timely provision ay be made for the performance of the duties of the medical officer so employed.

As those stations where the attendance of medical officers at rifle practice is by the rst paragraph hereof dispensed with, the name and address of a medical officer to whom pplication could be made in case of accident, should be communicated to all officers in harge of parties proceeding to target practice, and such medical officer is not to be bsent from his quarters or hospital during the period the rifle practice is being carried on.

GEN. ORDERS—*continued.*

40 *Riotous Conduct.*

or,

b. In having been riotous in the streets at ——, on the —— and remaining absent until the ——.

N.B.—When a soldier has been drunk as well as riotous, and it is considered advisible to try him for the drunkenness, a separate charge is to be added on that account.

G.O. 17.—Horses—*Mode of Shoeing.*

Paragraph 573 of "The Queen's Regulations and Orders for the Army" is hereby cancelled; the directions contained in it will appear, with certain modifications, in the "Veterinary Regulations" about to be issued.
